The red loop in the hiking area Kessenich and the Drie Eigen is perhaps the most adventurous hiking route in this area. Nature reserves Vijverbroek and Koningssteen – Kollegreend introduce you to top-quality nature.

During the red hiking loop, you must climb twice over a wooden ladder integrated into a mead fence. For this reason, the hike is not recommended with (large) dogs.

This hike goes through a marshy area. As a result, some hiking paths may be muddy and wet. Boots are recommended during this hike!
